

Enjoy some of the places the Swedes keep to themselves: The smoothly skerried western coastline where the nation's smart set have their summer houses; the 'can hear a pin drop' meadowland close by its great lakes, the cobbled alleyways of Stockholm's Old Town and its second city Gothenburg.

After a few days in Stockholm (see opposite page), you pick up your hire car and follow the main road north of Lake Malaren, down past Orebro, through the province of Vastergotland to close by Falkoping.

The Best Western Mornington Hotel is located a mere five minute walk from the leisure centre of Stockholm.

The rooms are fully equipped and have all been newly renovated.

Hotel Facilities include; cocktail lounge, restaurant, guest laundry, safe deposit box and is 100% smoke free.

Leave after two nights for Handelsman Flink's on the island of Flaton reached by a tiny ferry crossing over the Tjorn bridges to Orust. Loosely translated as the 'crafty merchants store', your stay here includes two three course dinners. Breathtaking views across the waters of Malo Strommar are included.

For your last day in Sweden drive past the ice smoothed skerries that characterise the coast line down to Gothenburg; along the way you can drop in at Café Emma in Mollosund on the quayside of Bohuslan's oldest fishing village.
